

**What is the purpose of the Disabled Parking Identification Card?**

DMV issues Disabled Parking Identification Cards (DISID) to persons with a disability that limits or impairs the ability to walk or to organizations that regularly transport persons with these disabilities.

A person displaying a DISID card on their vehicle:

- is exempt from any parking ordinance imposing time limits of one-half hour or more limitation but otherwise is subject to the laws relating to parking.
- can park at a municipally owned or leased lot without payment in metered stalls when the time limit is one-half hour or more.
- may park in spaces reserved for disabled persons marked by official traffic signs indicating the restriction.
- may obtain motor fuel from a full-service pump at the same price as the motor fuel dispensed from a self-service pump. This applies at locations where fuel is sold at retail from both full and self-service pumps.

**Who may obtain a card?**

A card may be obtained by:

- any person certified by a Health Care Specialist to have a disability as defined by statute that limits or impairs the ability to walk.
