## GENERAL INFORMATION

Collector plates are nonexpiring for as long as you own the collector vehicle. **Vehicles with Collector plates cannot be operated during the month of January unless a special temporary plate is purchased.** Temporary plates are available for \$5 for five consecutive days or \$30 for the month of January, use form MV2750.

To qualify for Collector plates, you must have at least one other motor vehicle, which is used for regular transportation, and is currently registered in Wisconsin, under the same name(s) as the Collector vehicle. Section C MUST be completed.

If you already own a Collector plate, use "Transfer or Second and Subsequent Plate" fee schedule even when applying for a different vehicle type.

For second or subsequent plates, allow approximately 4-6 weeks for the manufacturing process after the new Certificate of Registration has been issued.

Truck-type vehicles with Collector plates cannot haul more than 500 pounds. To determine the approximate weight, use the weight of the vehicle with a full tank of gas and the equipment normally on the vehicle. Do not include the weight of a camper, lid or cap that is mounted on the truck or the weight of any persons or pets.

By state law, Collector plates CANNOT be personalized.

NOTE: Street modified vehicles, replicas, homemade motorized vehicles or vehicles that have been altered or modified from the original manufacturer's specifications DO NOT qualify for Collector plates. If the vehicle you wish to register is one of the above, access form MV2388 Hobbyist Registration Application on the Internet: [www.dot.wisconsin.gov/forms](http://www.dot.wisconsin.gov/forms).
